OR CZARA Settlement Agreement MidCoast JW JC Cmts.docx

Hi Jenny,

Your summary, focusing on the forestry conditions and mid-Coast TMDL looks great. I have made a few comments, which are attached.

This would be a great document for the CZARA Managers Call on Monday if folks like Dave Powers and Gene Foster blessed it. Should I add it to the reminder notice for tomorrow? What do you think?

Cheers,

Helen and Jayne,

I wrote up a short 2-pager on the Mid-Coast and CZARA. It was supposed to be for me, but HQ has also asked for it. Helen, I know you're busy, but if you have time in the next couple of days, can you add bullet points on what ODEQ's approach is for the sediment and what the water quality standard is going to be? Perhaps I'll piece it together on today's call, but it seems to be a moving target and you're much more in the know than I am.

Thanks, and no worries if you can't do this until later!
